**A FRIENDLY FAMILY OWNED BUSINESS  
HELPING RETAILERS BUILD THEIR OWN SUCCESSFUL  
BUSINESS**

**BUSINESS PLAN**

Applicant Name:

Date & Time completed:

Pub:

Area Manager: Matthew Stancliffe

## ABOUT BUSINESS PLANNING

A business plan can help you to:

- Consider all aspects of the business
- Decide the best course of action to take things forward
- Have a clear understanding of the pub and how you can make it work

It is important to remember that a pub is only as good as the current person running it and you should incorporate into your business plan how you will change the current trading patterns of the business for the better.

Please complete each section including as much detail as possible. You can either use this template, or alternatively, write your own business plan.

## THE SITE

**Provide a description of the pub, its facilities and trading history. Also talk about the immediate area surrounding the pub, focusing on possible sources of customers**

- *Are any areas suitable for alternative use or redevelopment?*
- *Describe the existing building - shape, facilities & condition*
- *Include the exterior and outside areas*
- *What is the immediate area like? Residential, businesses, shops, roads, etc.*

## DEMOGRAPHICS

**Describe what sort of people live, work, or visit the area. Mention things such as age, occupation, wealth, housing, etc. This is your chance to show that the people that you intend to attract are around.**

- *Have you driven or walked around the area and talked to future customers, competitors and local businesses?*
- *The people who live nearby - how wealthy or poor are they? Are they old or young? Do they have families - old or young? What sort of houses do they live in? What condition is the housing in? How many people own a car? What do they do as jobs - work in an office, have a skilled trade, manual workers, unemployed? Do students live in the area?*
- *Who comes into the area WHY AND WHEN? Shoppers during the day? Office workers? Young people at night?*
- *Think about which people will be your 'target market'*

## DEVELOPMENTS

Indicate whether there are developments in the area that may influence trade.

- *Ask around, speak to the council, find out what is happening in the area. Look in the local paper for licensing or planning applications*
- *Is the area doing well or is it in decline? Are shops opening or closing? Are houses selling? Is new housing being built?*
- *What specific future events might impact on trade - good or bad? e.g. the building of a shopping centre or the closure of a factory*

## LOCAL MARKET

Show an understanding of where people drink, eat and also take part in other leisure activities (cinemas, retail parks). Talk specifically about the competition and why people chose to go to these places. If there is a "circuit" describe it - both for day and night trade. Attach any relevant maps to the Business Plan.

- *Have you visited and talked to local competitors?*
- *Where are these venues in relation to your pub? Could/does it fit into the circuit?*
- *How successful is the competition? Why are they successful - what do they offer customers? Describe the major competitors.*
- *Is there anything missing from the circuit that people might look for?*

<b>CUSTOMER PROFILE</b>			
Existing	am	pm	pm/late
<i>Who are your existing customers? Why do they use your pub?</i>			
Potential	am	pm	pm/late
<i>Are there customers you could move from your competitors, or aren't catered for in the area?</i>			
Target

## THE OFFER

Make specific mention of drink, food, music, entertainment, promotions, games, etc. Show reasons why the people that you want to attract would want to come to your pub. What is the unique selling point of the pub? Also how you intend to market the offer.

## CONCLUSIONS

**Briefly summarise what you are trying to achieve. Constantly ask yourself “Why am I doing this?” to make sure there is a measurable cash benefit to any action or investment decision.**

- In a few words ..*
- Who the customers are now and whether you intend to change them, attract different people as well, or build on this existing base*
- How this fits into the opportunity in the area*
- How you will attract these people by changing the look of the pub, the food you offer, etc.*

It is essential that you forecast how much money you are likely to make. This should be the major factor in deciding whether you want to proceed with your business plan.

If you are unsure how to do this yourself, seek the assistance of an accountant or another independent professional advisor.

## CASH FLOW

The cash flow projection is a support for your ideas for the pub and an aid to help you take an objective look at the financial aspects of the business. It will ensure that you have enough working capital or banking facilities to enable you to operate effectively throughout the first and most difficult year of trading.

Most of the items covered in this projection will match your profit and loss projection. However, it is worth mentioning that the profit and loss does not include VAT and the cash flow does include VAT.

You must try and project each month in turn thinking about how much money you intend to take and what expenses you may have in each particular month. For instance you will probably project taking more money in December than January. You can do this by thinking about your likely drinks sales for each day of the week, adding this together for a weekly total and multiplying for the month. The same can be done for food, by working out how many meals you intend to serve and how much cash you intend to generate from each customer.

**NB: Closing bank balance is carried forward each month to balance brought forward. Therefore the calculation in the second month will be total income less expenditure plus balance brought forward equals closing bank balance. This figure may on occasions be a minus figure. This would therefore tell you when it would be necessary to arrange an overdraft facility or that you will need extra working capital.**
